## Glades 4-H Members To Attend Washington Meeting

Two 4-H members of the Glades area, Ross Harrington of the Canal Point 4-H Club and Marsha Pennington of the Lake Harbor 4-H Club, have been selected to represent Palm Beach County at the 1967 Summer Citizenship Short Courses being conducted at the National 4-H Center in Washington, D.C., July 9-15, under the auspices of the National 4-H Club Foundation.

Also honored was Marsha's mother, Mrs. T. E. Pennington, leader of the Lake Harbor 4-H Club, who has been selected as the leader representing Palm Beach County at the Short Courses. Mrs. Pennington, before moving to Clewiston a few years ago with her husband and children, was an active leader of the Pahokee 4-H Club and her children have been outstanding workers in 4-H activities.

Ross who has served as Glades vice president of the Palm Beach County 4-H Council for the past year, is the son of Mr. and Mrs. A. Roswell Harrington of Canal Point, both of whom have been 4-H leaders for many years. He has two sisters, Janette and Nancy, have all held high offices in the Palm Beach County 4-H organization and have won many first place awards in 4-H exhibits, projects and demonstrations.

The National 4-H Center, operated by the National 4-H Club Foundation, has three main buildings to comfortably accommodate up to 300 persons and is located on a 12 1/2-acre campus (formerly the Chevy Chase Junior College) in suburban Washington. Here, the Palm Beach County 4-H delegates and others from different parts of the United States will hear during assembly periods outstanding speakers on important subjects relating to citizenship such as "Citizenship Means Social Responsibility," "Out Heritage," "Developing Programs for Citizenship, Education Back Home" and the like.

Perhaps the most interesting and educational phase of the Short Courses are the field trips in the capital city. The most important of the field trips is the one to Capitol Hill, where the 4-H members will have opportunity to meet their senators and congressmen, see congressional committees in action and lunch at the new Senate Office Building cafeteria.

Other field trips include visits to Washington Cathedral, Lincoln Memorial, Tomb of the Unknown Soldier, grave of President John F. Kennedy, Marine Memorial, U.S. Departments of State and Agriculture, Supreme Court, National Archives, Mount Vernon, Smithsonian Institution, White House and Washington Monument. On the final evening, Friday, July 14, there will be a farewell party and a Citizenship Ceremony, before Ross, Marsha and Mrs. Pennington board a train for the return trip to Florida after breakfast Saturday morning.

The National 4-H Club Foundation, organized in 1949 as a non-profit educational institution to carry out "Service to Youth" programs designated to give special

No innings shall begin after one hour and 15 minutes unless the five innings are not played. In that case, the five innings must be completed regardless of the time. ## Names Have Been Given To 1967 Hurricanes

Names of hurricanes which have seriously affected the United States are taken out of service for 10 years, so you won't be hearing such names as Dora, Donna and Otto for a while.

But you should be prepared for some girls called Ariene, Beulah, Cindy, and Debra. They're the names that have been given the first four hurricanes of the 1967 season.

According to Jack Mickelson, state climatologist with the U. S. Weather Bureau, hurricane names come into being when a weather depression reaches, or is predicted to reach, tropical storm force of 34 knots.

"Many never reach the hurricane stage," Mickelson said. "Because winds have to reach 74 mph (64

knots) before the designation is made. Names starting with Q, U, X, Y and Z are not used."

Here's a list of names to be used this season:

Ariene, Beulah, Cindy, Debra, Edith, Frieda, Ginny, Helena, Irene, Janice, Kristy, Laura, Margo, Nona, Orchid, Portia, Rachel, Sandra, Terese, Verna and Wallis.

## Household Goods, Personal Stuff Tax Free

TALLAHASSEE—Comptroller of Florida Fred O. (Bud) Dickinson, Jr., Thursday notified all county tax assessors to revise their tax rolls to remove assessments on household goods and personal effects.

The bill to abolish the tax was the primary property tax relief measure proposed to the Legislature by Comptroller Dickinson. It cleared the Legislature with overwhelming Senate approval and now is on the Governor's Desk.

"I have been assured that this bill, which will correct an inequitable situation and provides relief for property tax owners, will become law," Dickinson said.

The Comptroller added that "county savings to the property taxpayer of as much as nearly \$40 million will be realized by elimina-

tion of this law."

Dickinson noted that while there will be large savings in some counties, "the inequity of this tax is reflected in the fact that only negligible amounts have been levied in other counties."

In notices to assessors, Comptroller Dickinson stated, "House Bill 824 eliminating household goods and personal effects from the 1967 tax roll has passed both Houses and is now before the Governor. We have been assured it will become law. This will take effect next week.

"Please plan to eliminate this assessment from your 1967 roll."

The assessors who already have submitted their recapitulation tables of assessment rolls for the Comptroller's approval, Dickinson wired "please plan to resubmit your recapitulatory form eliminating this assessment."

Examples of assessment reductions reported by assessors include the following: Dade, \$39 million; Duval, \$30 million; Palm Beach; \$18.5 million, and St. John's \$2.1 million.

## Jerry Thomas Seeks Senate Presidency

Senator Jerry Thomas, D-Lake Park, has announced he has sufficient vote pledges from fellow senators to be named president of the Senate in 1971.

Thomas will be the fourth south Florida senator to serve as Senate president since the turn of the century. Monroe County was represented in 1907 and Dade County in 1909. Ironically, the late Senator John R. Beacham who was president in 1941 represented District 35, Palm Beach County, the same district number now held by Thomas who represents Palm Beach, as well as Lee, Glades and Hendry Counties.

Thomas was the only democratic senator to carry a county on the east coast of Florida from St. Johns to Dade County during the special elections last March which were ordered by the panel of federal judges in compliance with the reapportionment of the Florida Legislature on a one man, one vote formula.

The Palm Beach County senator was first elected to the Florida Legislature in 1960. He served his first term in the House of Representatives in 1961 and was selected by his colleagues as the Most Outstanding First Term member for which he received the Allen Morris Award.

Thomas also served in the House in 1961 and in 1964 was elected to the Senate. Because of his effectiveness in the 1965 session, he was elected as the Most Outstanding First Term member by his fellow senators and again was recipient of the coveted Allen Morris Award. Thomas also was selected by the press corps covering the legislature as one of the top 10 senators.

"I am most grateful to my fellow senators for supporting my candidacy for President of the Senate," Thomas said. "The responsibilities of being President of the Senate are becoming greater each session due to the magnitude of the problems facing our State because of its growth and the demands by cities, counties and the public for more and more service. It is for this reason that I am most appreciative of the confidence expressed in me by a majority of my fellow senators pledging their support to me."

Thomas is a graduate of Palm Beach Junior College and Florida State University where he majored in government, including one year of post-graduate work in public administration. In addition to holding the Associate of Arts and Bachelor of Science degrees, Thomas earned a Masters degree in Human Relations from Florida Atlantic University and completed the Commercial Bank Management program, School of Business, Columbia University.

The senator is a former director and administrator of the Florida Securities Commission. At the age of 25 he was the youngest such administrator in the United States and Canada and never had a ruling or decision denied or reversed.

He is chairman of the board of directors of four banks and president of several corporations; member of national Board of Governors of National Association of Small Business Investment Companies and a former member of two national stock exchanges.

The senator was selected by the State Junior Chamber of Commerce as one of Florida's five outstanding young men in 1961 and in 1966 was named by the U. S. Junior Chamber of Commerce as one of the Outstanding Young Men of America.

He was presented the Palm Beach Junior College Service Award for service to the state's Junior college program in 1961-65; Florida Vocational Association award for distinguished service to vocational education in 1965; twice

## State Museums Entrance Cost Is 15c

Tallahassee, June 28—In an effort to generate more money to operate Florida State Parks, seven museums within the state park system will begin charging a 15-cent entrance fee July 1.

State Parks Director Bill Miller said steadily increasing operating costs and the Legislature's insistence that state parks continue being about one-third self-supporting necessitated the fees. Museum entrance was previously free.

The museums charging admission will be Constitution Convention at Port St. Joe, the Marsh Museum at Tomoka near Ormond Beach, John Gorrie at Apalachicola, the Gregory House at Torreya near Bristol, St. Clair Whitman at Cedar Key, the Indian Mounds Museum at Crystal River, and San Marcos de Apalache near St. Marks when it is reopened following repairs.

Constitution Convention museum contains dioramas and exhibits of Florida's first state convention, as well as of the vanished city of St. Joseph.

The Tomoka museum, named for the late Florida artist Fred Dana Marsh, displays the Marsh art collection as well as the Indian history of the vicinity.

John Gorrie museum has a replica of Dr. Gorrie's famous invention, the ice machine. Other exhibits include early scenes of Apalachicola, newspapers accounts of the period, clothing and artifacts of Dr. Gorrie's time.

The Gregory House at Torreya State Park is an antebellum home which stood for over 100 years on the west side of the Apalachicola River before being moved within the park to its present location on the opposite side. It contains furniture typical of the era in which it was built.

The St. Clair Whitman museum at Cedar Key houses exhibits and dioramas depicting the colorful history of this area, as well as one of the most outstanding shell collections in this region.

The museum at Crystal River is of unique design which allows visitors to view through large plate glass windows the adjacent Indian temple, burial and refuse (kitchen midden) mounds. Interpretive exhibits and artifacts are featured.

San Marcos de Apalache museum is architecturally designed along Spanish lines, in keeping with the history of the 300-year-old Spanish fort ruins adjacent to it. Built on a foundation of stones taken from the old fort during the 19th century, the museum holds exhibits and artifacts of the long and colorful history of the site.

Mr. and Mrs. O. H. Sheppard are leaving this week for a visit with his mother, Mrs. Inez Sheppard, at Roanoke, Alabama.

recipient of Good Government Award in Palm Beach County, 1961 and 1963; five times recipient of the U. S. Treasury Department's Freedom Bond Award.

Thomas served as Captain, U. S. Marine Corps and is a former Midshipman, U. S. Navy Reserves.

## Ask For New Distribution Highway Funds

Tallahassee—The Legislature has completed action on a memorial calling on Congress and members of Florida's delegation to provide for the distribution of federal highway funds on an annual population estimate rather than the 10-year census.

Senator Jerry Thomas, D-Lake Park, who introduced the memorial said Florida already has lost an estimated \$4,905,778 in highway funds from 1961 to 1965, and is expected to lose an estimated \$6,000,000 during the five-year period ending in 1970.

Thomas said use of the ten-year census is unfair to a fast growing state like Florida which is expected to be eighth in population in 1970. The senator said Florida has had a 19.9 per cent growth in population since 1960 as compared with an estimated 7.68 per cent increase for the nation as a whole.

The memorial requests the Congress to have the annual population estimates of the Bureau of Census used in the formula as distribution of the funds. Copies will be sent to the President of the Senate and Speaker of the House, as well as members of Florida's congressional delegation.

Rev. and Mrs. Guthrie Colvard had as their guests during the past weekend their son-in-law and daughter, Mr. and Mrs. Steve Watson, of Apopka.

### TO ATTEND REUNION

# Buy Bonds where you work.

It's miserable work, crawling through a rice paddy. And being shot at. This American does the job for freedom's sake. So do thousands of his buddies. Many of these brave men also support freedom with their dollars. A majority of our servicemen overseas are investing in U.S.

Savings Bonds. Would you like to show this man you're with him? One good way is to buy Savings Bonds where you bank or join the Payroll Savings Plan where you work. You'll make a good investment. And you'll walk a bit taller.

## U.S. Savings Bonds

*Bond facts: Savings Bonds pay you back \$4 for every \$3 at maturity in only seven years ... are replaced free if lost, destroyed or stolen ... have special tax advantages ... can be redeemed whenever the need arises.*

## Witnesses Convention, 6,500 Delegates

The four-day "Disciple-Making" district convention of Jehovah's Witnesses opened Thursday in West Palm Beach with 6,500 delegates expected for the opening session.

The convention is a double header with the English language meeting scheduled for the Palm Beach Kennel Club and the Spanish-language sessions set for the Musicarnival, a theatre-in-the-round. The programs are identical and will run simultaneously.

G. L. Hewitt, permanent chairman of the convention, will deliver the address of welcome Thursday. Jean C. Rainbow, 225 N. W. Avenue "T" Belle Glade, minister of the Belle Glade congregation.

said approximately 36 persons represent the local group at the convention.

"This is a unique convention," Rainbow said. "It is designated for every member of the family. Special dramas in costume and professionally produced, depict for the young people important lessons learned from the true-life story of the Bible."

Rainbow said Bible lectures, teaching demonstrations, symposiums and group discussions are highlighting the program which continues through Sunday.

The principal address of the convention, "Rescuing a Great Crowd of Mankind Out of Armageddon," by Henry A. Cantwell of Miami, is scheduled Sunday at 3:00 p. m. The public is invited and no collection is taken.

Star-spangled way  
to sweeten up your future

The old American proverb says, "money isn't everything, but it sure helps."

And that goes double for the money you put in U.S. Savings Bonds. Because this money helps two ways.

First, it helps your future. Putting youngsters through college. Building homes and summer cottages. Buying cruises for you and the spouse. You dream it, Bonds can deliver it.

Second, it helps your country now, by making Uncle Sam a stronger influence in an unsettled world.

Your fellow Americans have tucked over 50 billion dollars into U.S. Savings

Bonds. Why not join them? There's no safer investment anywhere in the world.
